

Cloud / DevOps / SRE Job Scrape — Round 3

UAE & Saudi Arabia · postings from 14 Sep to 16 Sep 2026 (morning)

Window: 14 Sep to 16 Sep 2026, morning. Anything posted on 13 Sep or earlier was removed.

Sources: LinkedIn (UAE + Saudi Arabia) and Indeed (UAE + Riyadh).

Search words: DevOps, Site Reliability, Cloud Engineer, Platform Engineer, Infrastructure Engineer.

Total after removing duplicates: 153 postings — 82 in the UAE, 71 in Saudi Arabia.

New since the last PDF: 151. The rest are marked seen before because they already appeared in one of the two earlier files.

Contacts found: 1 email address, 34 named recruiters.

1. Best match for you

31 jobs

DevOps, SRE, Cloud, Platform, Infrastructure, Kubernetes and CI/CD roles. Apply here first.

Every job title is a clickable link. The grey line under it is the same address in plain text. The Contact column shows an HR or careers email when the posting published one; LinkedIn does not publish emails, so there it shows the recruiter who posted the job. Applicant counts are capped at 200 by LinkedIn. Saudi Indeed again returned almost nothing, so most Saudi jobs here come from LinkedIn.
